Brigadier-General Harris has a camp in Mon-ros county, which, ten days ago, contained six bundred State troops, and the number was in-creasing every day. The people about Paris, in Monroe county, have been for some time in daily expectation that troops would be next jority of the people of the State, in resisting from Hannibal, by the railroad, for the purther usurpations and tyrancy of the federal pose of attacking General Harris' camp.

FURTHER POREIGN NEWS.

From the London Economist, 22d ult]

Though till this week's accounts no blood yet appears to have been shed, except by riot, Though till this week's accounts so blood yet appears to have been shed, except by riot, accident, or ladividual assassination, the war once accustomed to enjoy the fullest liberty, may be considered to have actually begin between the two halves of the severed republic. At sea heatilities have actually commenced most heavily visited upon the people by the iron wound inflicted upon the people by the iron thanks. They were all scared nearly to death, and at nightful came hautiful them all day, and at nightful came.

For Colonel.

For Colonel.

For Colonel. ent to guess how much of truth and how much exaggeration there may be in these various accompanies as to the difficulties which lie in wait for neutrals when two exasperated foes like the present balligerents take international law into their own hands.

In the British house of commons, on the 24th of June, in reply to a speech of Sir J. Fergusco, the has more than ever since out late troubles began, entrenched himself in the love and esteem of our people—and there being but two other churches, out of the nine or ten in the city, open, he is always crowded, and among the congregation are invariably a number of our protectors, drawn no doubt to the church almost certain seeds of a misunder tanding and a dispute, and the possible seeds of a bit-incomplete seeds of

and a dispute, and the possible sends of a bitter quarrel. Few sensurer are so clearly
rightful and legal as to leave no case for lititopics, but has, ever since the occupation of
the most solemn manner, their determination rightful and legal as to leave no case for litigation or complain; and where diffication begation or complaint; and where diffication begation or complaint; and where diffication begation or complaint; and where diffication begation or complaint and where diffication begation or complaint and where diffication begation or complaint and southless and friends, who have gone out to fight
on where diffication begation or complaint and southless and friends, who estation and the plunderer chooses his own court of adjudication, and is heard before judges certainly prejudiced in his favor, and Fairbanks, and taken before his colonelably prejudiced in his favor, and Heintzleman, who, judging from the fant-stic world, when war breaks out, to strengthen in Heintzleman, who, judging from the fantistic tricks he sometimes performs, has not been accustomed to the exercise of much authority. In the presence of so much power and butters to a presence of something accustomed to the exercise of much authority. In the presence of so much power and butters, it was of course supposed that Mr. Left-wish, measured by their own standard, would have been the time consequence, and diplomatic distance, and that we have not gone beyond that we have not gone beyond that ordinary degree of precaution too probably the second. Let us specify two cases which may any day occur, and both two cases which may any day occur, and both two cases which may any day occur, and both two cases which may any day occur, and both the case of human expectation—as bold to the stricts he some degree the military force in that part of the furitory which is proximate and near. This is a landable precaution, the neglect of which would be bluegeable on our parts, and that we have not gone beyond that ordinary degree of precaution too probably the second. Let us specify the furitors are the first part of the furitors which is proved by the manner in which are the military force in that part of the furitory which is proximate and near. This is a landable precaution, the neglect of which would be bluegeable on our parts, and that we have not gone beyond that ordinary degree of precaution to further than the furitors with a strick for the furitors which is proved by the manner in which are the first part of the furitory which is proximate and near. This is a landable precaution, the neglect of which would be bluegeable on our parts, and that we have not gone beyond that ordinary degree of precaution, the neglect of which would be bluegeable on our parts, and that we have not gone beyond that ordinary degree of precaution, the neglect of which would be bluegeable on our parts. of which we are assured have alread occurred. But, alas I for human expectation—as hold to talk of three thousand men as being a large Charleston is blockaded by the Niagara and fearless as good, the reverend gentleman, stemmer. She announces to all comers the existence and efficiency of the blockade, stops captors that he should on all occasions, when expected from an efficer of the honorable and and warns off several ships, which respect her warning and sheer away. But, wanting enal, soul for the southern cause, and for those who had gone out to fight for him and his made that the troops are seen an opportunity offered, pray with all his gallant member's expected from an efficer of the honorable and gallant member's experience.

I have heard on former occasions complaints made that the troops are seen and the state of the southern causes for two are three days of the southern causes.

though nominally continuing, is virtually a gentlemant way, that unless he prayed for long on the passage and that therefore the raised, and, according to the law of nations, ceasing to be effectual, can not claim respect. States, he should oray no more, and he would plaint of the honorable and gallant member is, that the respect is considered in the contract of unquestionable free-order his church to be closed. In reply Mr. dun a British ship comes out. The Niagara, which has returned to her station during the night, ratches sight of her at early dawn, as she sails away and captures her. Is the capture good or not? Clearly "yes," say the Americans, for the blockade has been any righteous.

In the church to be counted to be manacled; that he heart could not be manacled; that he heart could not be manacled; that we resemble without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the property of the inconveniences that are the result of going in small and numerous vessels, and without any of the inconveniences that are the without any of the inconveniences that are the property of the inconveniences that are the property of the inconveniences that are the without any of the inconveniences that are the property of the inconveniences that are the property of the inconveniences that are the without any of the inconveniences that are the property of the inconveniences that are th Americans, for the blockade has been and righteous.

The formula in the results and the Niagara came back in the Proposed departing Mr. Leftwich propounded least possible inconvenience. I really should

according to the merchants' orders. On tearsing this deception she demands compensation and a number of saxious inquirers gaibered for her loss. We are just in demanding this—
will the Americans be just enough to concede to what had been done and said. Observing the crowd, the aforesaid orderly, who made to demand any of renesses.

rious. They have all endy taken some prisonces on both sides, and will, as soon as fighting is begun in varnest, take many more. What will the North do with its captives? If it hangs them as rebets, according to the official view which it takes of the conflict, all the services by the period of ninety days; Provided, said companies find their own arms
